TODAY'S BIG STORY

New Giant Telescope Shares First Stunning Images!

The Vera C. Rubin Observatory in Chile has released its first images, showing millions of galaxies, colorful nebulae and more of our universe than ever before. This telescope will help scientists learn about mysterious things like dark matter and asteroids that could come close to Earth.

It will take pictures of the entire southern sky every few nights for the next 10 years, creating a giant time-lapse movie of the universe!

Bigger pictures help us answer big questions about our universe!

WORD OF THE DAY

GALAXY

(noun)

A huge group of stars, gas and dust in space.

Example: Our Milky Way is a galaxy with hundreds of billions of stars!

MATH CORNER

Which number is bigger?

247 or 274?

247 or **274**

ANIMALS

Baby Flamingos Find a Safe Home

A group of baby flamingos has hatched at a wildlife reserve in California! Conservationists are working to protect the wetlands where flamingos live.

AROUND THE WORLD

Kids Turn Trash into Amazing Art!

In Portugal, students are creating beautiful art from plastic bottles, bottle caps and other recycled materials to help keep their beaches and oceans clean.

INVENTIONS

A Robot That Helps Plant Trees

A new robot called Planty can plant tree seedlings in the ground much faster than people. It could help restore forests and make our planet greener!

YESTERDAY'S MYSTERY — SOLVED!

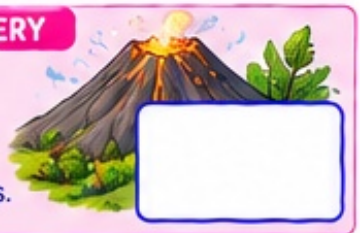

Why does a pumpkin have seeds?

Seeds can grow into new pumpkin plants! They help the pumpkin make more pumpkins in the future.

TOMORROW'S MYSTERY

Why do volcanoes make loud noises?

What do you think?
Write or draw your guess.

OUTER SPACE FUN — COLOR BY LETTER

Color the picture using the letter key and discover Puchhi exploring space!

COLOR KEY

- A = dark blue (space)
- B = yellow (stars)
- C = gray (moon/rocks)
- D = orange (rocket)
- E = red (spacesuit)
- F = light blue (planet)

PUCHHI CHALLENGE

1 How many stars can you count in the big picture?

2 If you plant 2 trees today and 3 trees tomorrow, how many trees will you plant in total?

3 Design a new planet! What would it look like? Draw it here.

FIND THE WORDS

Find and circle these words (across or down):
STAR, MOON, PLANET, ROCKET, DOG

S	T	A	R	B	M
M	O	O	N	P	L
P	L	A	N	E	T
R	O	C	K	E	T
D	O	G	F	S	N
C	A	T	H	U	P

KEEP EXPLORING!

There's a big and amazing world waiting for curious kids like you.
